

DSi Audio Jack Info

Pinout of the DSi Audio jack. This is probably the same for all DS variants (Phat, Lite, DSi, DSi XL). Not the same for 3DS - they use a different headphone jack.

1. Gnd
2. Left Audio
3. Right Audio
4. Gnd
5. Gnd
6. Left mic
7. Left mic
8. Right mic/gnd

Pins 1/5 get disconnected when something plugs in - this is how the system detects when to switch between speakers and headphones.

Pins 6/7 appear to have continuity
